Thanks Kim,
Just wanted to make sure we have it on our radar.

Thanks Randy!

The milestone for completing the RACRs is 6/30/2016 so we plan to have the drafts to you in April 2016.

Subject: RE: Five-Year Review Factsheet

I have completed review of this Draft Fact Sheet and concur with the Fact Sheet information and Conclusions and next Steps. I have the following comments on the Fact Sheet.

OU#5, Site 2 (Former Nursery/Day Care Center); The remediation goals for soil were reviewed and meet current standards. Therefore, a Remedial Action Completion Report is recommended. What is the Schedule for completing the RACR for this Site?

What is the Schedule for the RACR for OU 1 Site 24 (Former Industrial Area Fly Ash Dump).
